

Dr. Prasanalakshmi Balaji Honored with the Prestigious Lifetime Achievement Award

Description

New Delhi – Renowned academician and researcher Dr. Prasanalakshmi Balaji has been honored with the 6th UILA-Lifetime Achievement Award for her outstanding contributions to education and research. She currently serves at the College of Computer Science, King Khalid University, Saudi Arabia, and has made a lasting impact on the field through her dedication and innovation.

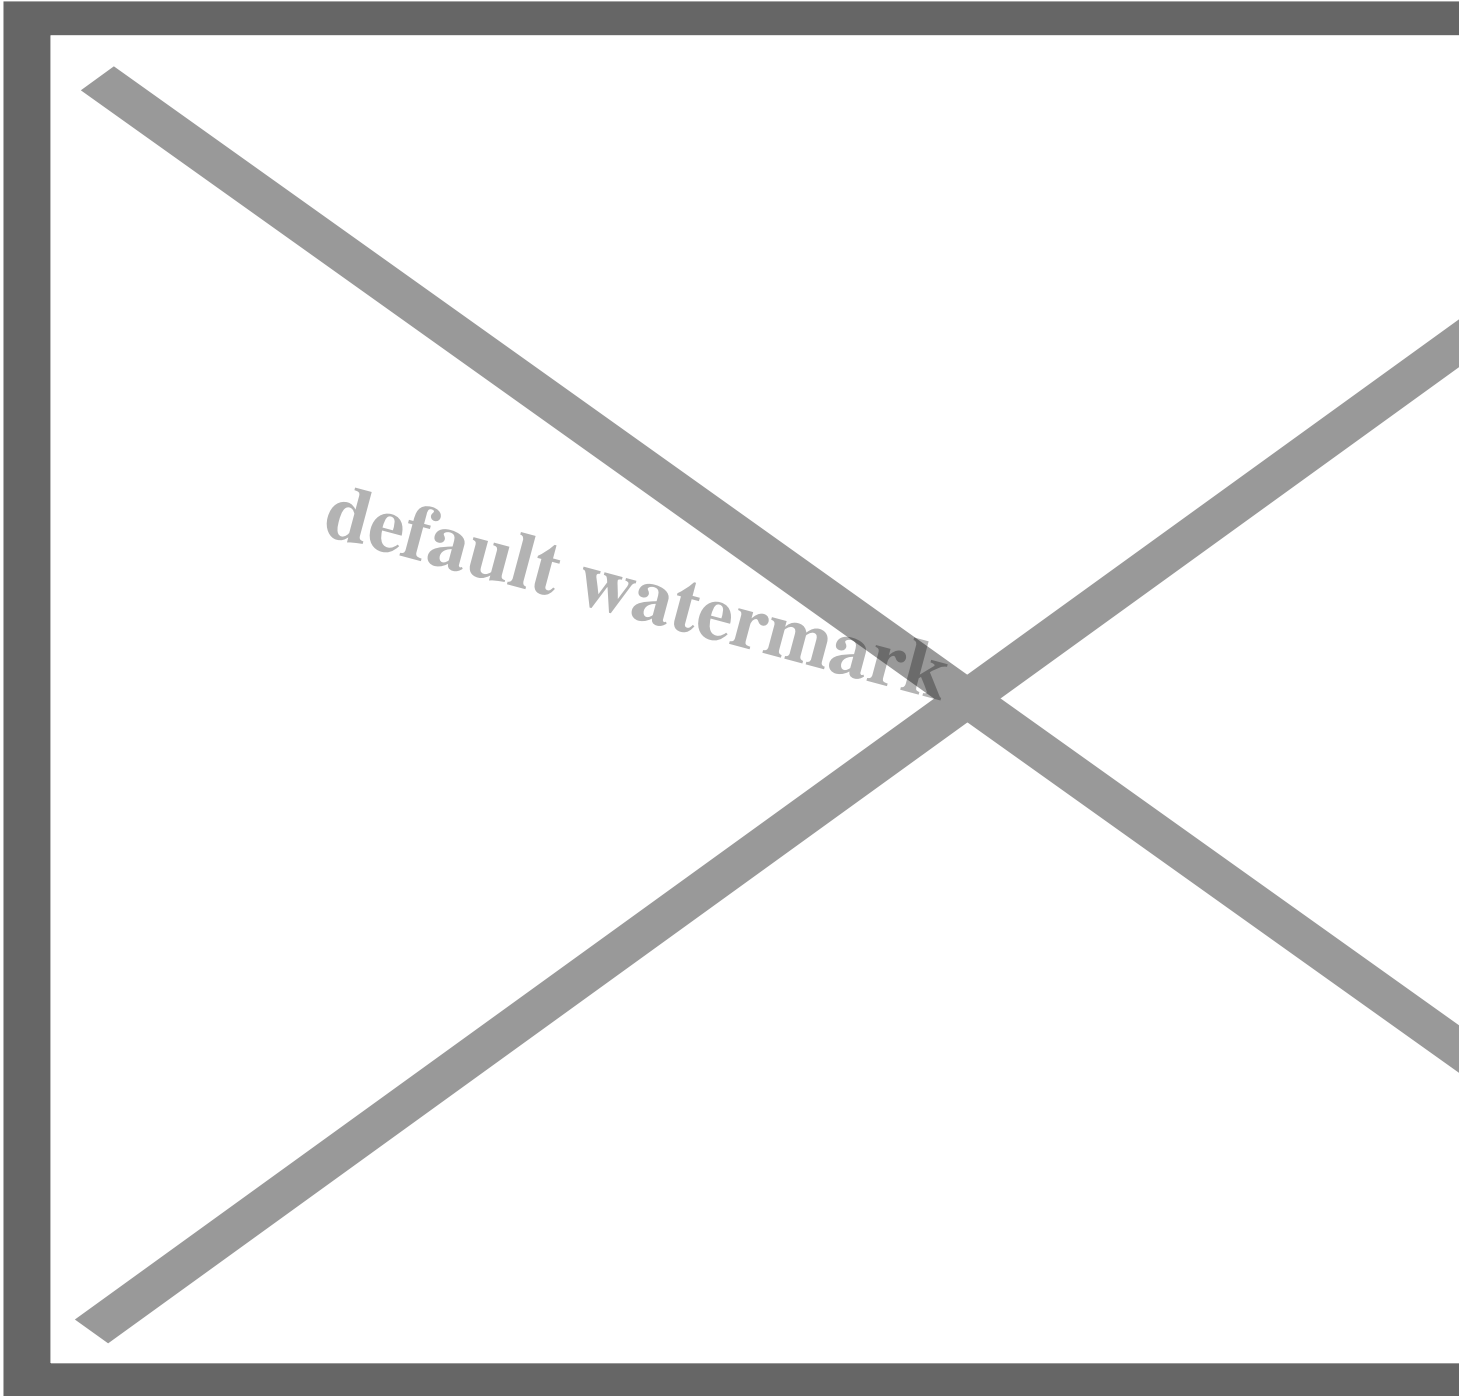

The prestigious award was presented at a grand ceremony held at Shaheed Sukhdev College of Business Studies, University of Delhi, in association with the National Institute of Technology Patna and the University of Valladolid, Spain. The UILA-Lifetime Achievement Award is given to distinguished individuals whose long-term efforts and sustained commitment have significantly advanced education and research.

Dr. Prasanalakshmi Balaji's contributions extend beyond her primary institution. She is also associated with the Institute of Artificial Intelligence, Shaoxing University, China; the Institute of Computer Science, Vikram University, India; and the Institute of Engineering and Technology, Panjab University, India. Her dedication to innovation and academic excellence has earned her global recognition, solidifying her position as a leading educationist and researcher.

In addition to this honor, Dr. Balaji previously secured first position and a cash award for "Research and Innovation" from the Deanship of Quality Affairs at King Khalid University, KSA.

This Lifetime Achievement Award not only acknowledges her pioneering spirit, advocacy, and career achievements but also provides a global platform for her impactful work. It highlights the remarkable contributions of educators in shaping the future of research and learning, inspiring many in the academic community.
