Over 100 Business Leaders Honoured at Prestigious Ceremony Held at T-Hub

Hyderabad: The Global CXO Awards 2026, celebrating outstanding leadership, innovation and business excellence, were held in grand style at T-Hub, Raidurg, Hyderabad. The prestigious event recognised distinguished corporate leaders who are driving transformation, fostering innovation and shaping the future of business and technology.

Organised by CXO Inc, the high-profile gathering brought together more than 250 prominent industry leaders, including CEOs, CFOs, CTOs, startup founders, investors and senior executives from across India. The event served as a prominent platform for networking, knowledge exchange and recognition of exceptional achievements in the corporate ecosystem.

Around 100 accomplished leaders were honoured following a rigorous selection process by an independent jury. The awards recognised excellence across diverse categories, including Enterprise Leadership, Technology and Data, Digital Transformation, Women Leadership and Startups, highlighting the contributions of individuals and organisations making a significant impact in their respective fields.

A special focus was placed on leaders who have successfully transformed Global Capability Centres (GCCs) from traditional cost-focused operations into strategic engines of global innovation, advanced technology and business excellence. Their contributions reflect Indiaâ??s growing significance in the global corporate and technology landscape.

Adding further value to the event, an insightful panel discussion brought together leading corporate executives to deliberate on emerging business trends, future strategies, technological advancements, innovation and the evolving dynamics of the corporate world. The discussion offered valuable perspectives on the opportunities and challenges shaping the next phase of business growth. The Global CXO Awards 2026 emerged as a significant celebration of visionary leadership, entrepreneurial spirit and corporate excellence. By recognising individuals who are creating meaningful change across industries, the event reinforced the importance of innovation, strategic thinking and leadership in building a progressive and globally competitive business ecosystem.
