

Hero Eshwar's Suryapet Junction Trailer Launch Event

Description

After his role in **Kothaga Maa Prayanam**, hero Eshwar is now playing the lead in **Suryapet Junction**, alongside Naina Sarwar. The film is produced by Anil Kumar Katragadda and N. Srinivasa Rao under the Yoga Lakshmi Art Creations banner and is directed by Rajesh Nadendla. Starring Eshwar, Naina Sarwar, and Abhimanyu Singh in key roles, the trailer launch event for this movie was recently held in a grand manner at Prasad Labs, Hyderabad.

Speaking on the occasion, hero Eshwar said, "I have written the story for this film myself. The plot is set around Suryapet and focuses on how government-provided freebies impact the middle class, often leading them into struggles. Time and again, Telugu audiences have proven that if the story is strong, they will embrace the film and make it a hit. That belief led us to make this movie. The action sequences in the film are realistic, and the film also features four songs. Director Rajesh has done an excellent job bringing the story to life. I hope the audience will love it."

Heroine Naina Sarwar shared, "I play the role of Jyothi in this film. It's a subject that will strongly resonate with the youth. I am grateful to the producers for giving me this opportunity. I request everyone to support **Suryapet Junction** and make it a success."

Producer Anil Kumar Katragadda added, "I am thankful to our hero Eshwar for trusting me with this project. He has done full justice to his story. Naina Sarwar, who has previously worked in Kannada and Malayalam films, is making her Telugu debut with this film. Despite being new to Telugu cinema, she has performed exceptionally well. Abhimanyu Singh, known for his role in Gabbar Singh, plays a crucial villain role in the film. Additionally, talented actors like Chammak Chandra, Bhasha, Laxman Sanjay (Balagam fame), and Harish have delivered remarkable performances. The music composed by Roshan Saluri and Gaur Hari is fantastic, featuring three songs and an item number that will surely entertain the audience. The producers have ensured high production quality without any compromises. Currently, post-production work is progressing at a fast pace, and we will be releasing the first look soon."
