Vastu Tips for Homes

Description

Entrance: The main entrance to your home should be in the east, north or north-east direction to allow positive energy to enter your home.

Puja room: The puja room should be in the north-east direction of the house as this is considered to be the most auspicious direction.

Kitchen: The kitchen should be in the south-east direction of the house, and the person cooking should face east while cooking.

Bedroom: The master bedroom should be in the south-west direction of the house. The head of the bed should face towards the south or west direction.

default watermark

Living room: The living room should be in the north or east direction of the house.

Colors: Use light and soothing colors for your walls, curtains, and furniture.

Furniture: Avoid placing furniture in the center of the room. Place furniture along the walls to allow positive energy to flow freely.

Windows: Ensure that windows in the house open towards the east or north direction to allow maximum sunlight and fresh air.

Plants: Place plants in the north-east corner of the house as it is believed to bring good luck and positive energy.

Clutter: Keep your house neat and tidy. Avoid clutter, as it blocks positive energy flow.

Remember that Vastu Shastra is not a magic cure for all problems, but following these tips can help create a harmonious and positive energy flow in your home.
